

CONCEPTUAL THOUGHTSTARTER: TEAM SPACE

It's about: a space where any type of team can work in a confidential environment, such as early concept development work

Architecture

Balancing Privacy

Provide visual and acoustical privacy with full-height moveable walls

Making Work Visible, Managing Connections

Display project history and information on exterior of space using architectural framework products

Products to consider: Pathways Privacy Walls, Pathways Post and Beam

Furniture

Making Work Visible, Managing Connections

Provide visual display and information persistence to make it easy to capture, share, refine, and show work in progress by using markerboards and tackable surfaces

Managing Connections

Gather past projects' history and artifacts using boards, shelves, and mobile storage units

Supporting Diverse Workstyles

Support a variety of postures and team activities with moveable tables and comfortable seating

Products to consider: Wernli Touchdown, Wilkhahn Conrack storage shelves, Metro Detour Lounge, Huddleboard, PolyVision markerboards

Technology

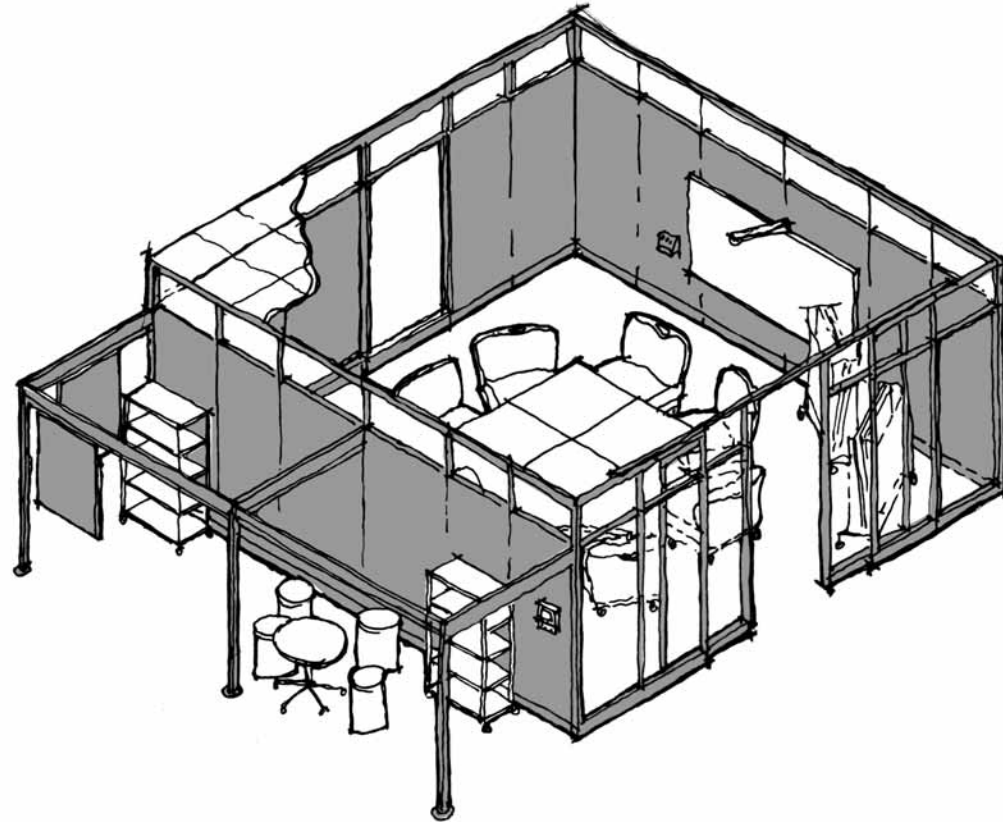

Balancing Privacy, Managing Connections

Support privacy needs by indicating "team accessibility" to non-team members using web-based electronic tools

Making Work Visible, Managing Connections

Allow users to remember and revisit their work by utilizing electronic devices that record information written on markerboards

Products to consider: PolyVision CopyCam, PolyVision RoomWizard

Managing the workplace strategically

Creating and managing a high-performance workplace demands the thoughtful planning of numerous diverse and interconnected issues

- Define goals and measure results in line with corporate strategies
- Architecture, furniture and technology—products and the way they are applied—insuring flexibility, dependability, adaptability and environmental responsibility.
- Combine efficiency and effectiveness by focusing on how people actually work and by applying the appropriate planning principles.

Note: Some application restrictions may apply for seismic zones 3 and 4

Each worksetting addresses these planning principles at varying levels based on need. This worksetting maps out as follows:
