

It's about: space that makes project work visible and encourages feedback and interaction between teams

Architecture

Balancing Privacy

Create boundaries with architectural framework products and full-height moveable walls

Managing Connections, Making Work Visible

Display and capture information to share with related teams via architectural framework products and full-height moveable walls

Managing Connections

Allow flexible and convenient routing of power and communications using an access floor

Products to consider: Pathways Privacy Walls, Pathways Post and Beam, Pathways Access Floor

Furniture

Managing Connections

Support impromptu interaction via standing height worksurfaces

Store team equipment and supplies in storage cabinets

Managing Connections, Supporting Diverse Workstyles

Allow for group expansion during presentations and prototyping sessions by using stackable chairs and alternative posture seating

Products to consider: Pathways Worksurface System, Vecta Wilkhahn Conrack cabinets, Universal storage cabinets, Vecta Wilkhahn Stitz stools, Vecta Kart seating

Technology

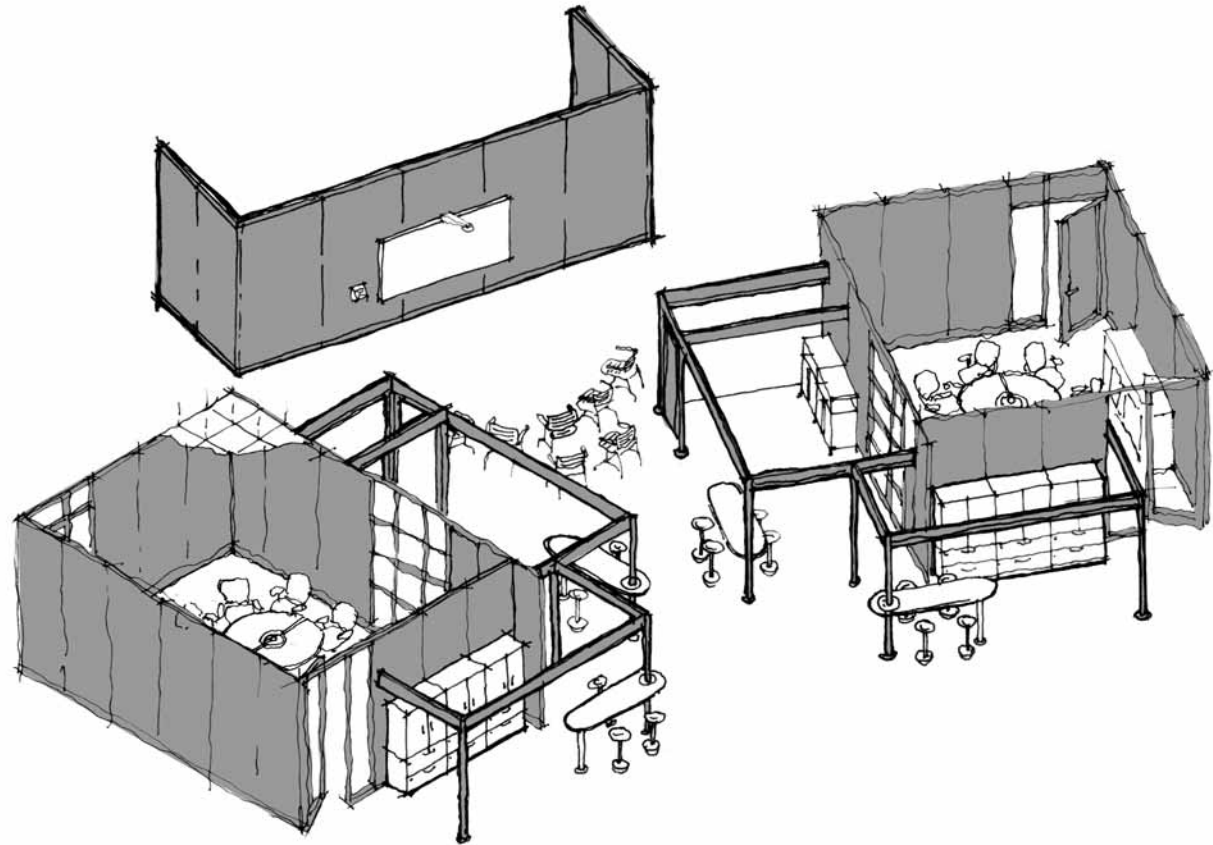

Managing Connections

Provide quick and easy access to power and communications using standing-height technology connections

Managing Connections, Making Work Visible

Enable users to remember and share their work with others by utilizing electronic devices that record information written on markerboards

Products to consider: PolyVision CopyCam, PolyVision markerboards, Pathways Technology Port

Managing the workplace strategically

Creating and managing a high-performance workplace demands the thoughtful planning of numerous diverse and interconnected issues

- Define goals and measure results in line with corporate strategies
- Apply architecture, furniture and technology products—insuring flexibility, dependability, adaptability and environmental responsibility.
- Combine efficiency and effectiveness by focusing on how people actually work and by applying the appropriate planning principles.

Note: Some application restrictions may apply for seismic zones 3 and 4

Each worksetting addresses these planning principles at varying levels based on need. This worksetting maps out as follows:
