

Architecture

Balancing Privacy

Create boundaries and provide visual and acoustical privacy with full-height moveable walls

Managing Connections

Allow flexible and convenient routing of power and communications using an access floor

Create touchdown spaces using architectural framework products

Products to consider: Pathways Privacy Walls, Pathways Access Floor, Pathways Post and Beam with in-fill

Furniture

Managing Connections

Support impromptu exchanges between visitors and employees via standing height worksurfaces and stools

Create a pleasing concierge center using flexible, curvilinear furniture

Provide a comfortable waiting area for visitors using soft seating

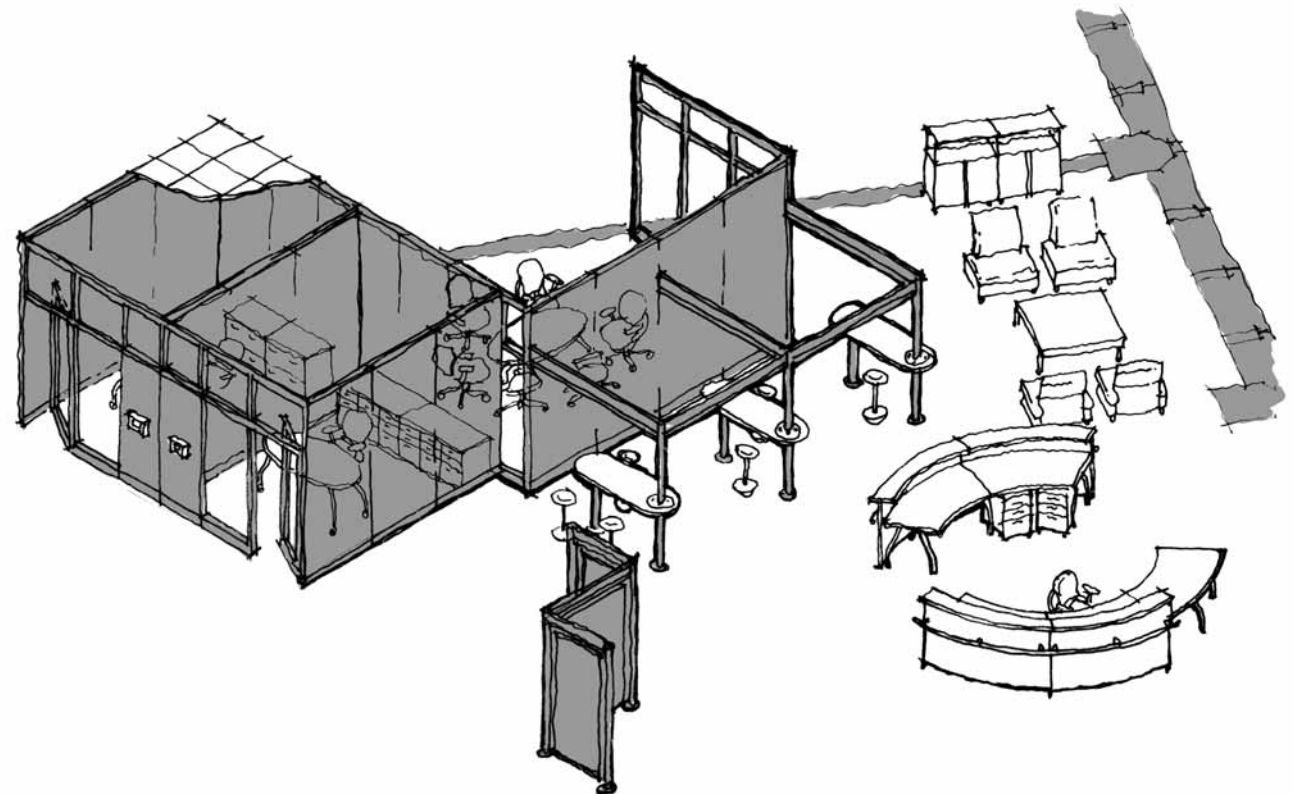

Products to consider: Pathways Post and Beam with in-fill, Pathways Worksurface System, Wemdl Emerge, Universal storage pedestal, Vecta Wilkhahn Conrack storage cabinets, Brayton Sidewalk tables, Leap seating, Vecta Wilkhahn Stitz stools, Metro Archipelago seating

Technology

Managing Connections

Accommodate wireless technology in the entire welcoming area

Products to consider: PolyVision RoomWizard

Managing the workplace strategically

Creating and managing a high-performance workplace demands the thoughtful planning of numerous diverse and interconnected issues

- Define goals and measure results in line with corporate strategies
- Apply architecture, furniture and technology products—insuring flexibility, dependability, adaptability and environmental responsibility.
- Combine efficiency and effectiveness by focusing on how people actually work and by applying the appropriate planning principles.

Note: Some application restrictions may apply for seismic zones 3 and 4

Each worksetting addresses these planning principles at varying levels based on need. This worksetting maps out as follows:
