

It's about: a home base with integrated casual space

**Furniture**

**Managing Connections**

Provide visual privacy where needed using panels, mobile screens and architectural framework products

Create space division for two home bases and an informal meeting area using 120° panel planning

**Managing Connections**

Access power and communications at worksurface level using panels

Allow easy access to reference materials via upper storage

Keep information close at hand yet out of sight with lower storage and storage towers

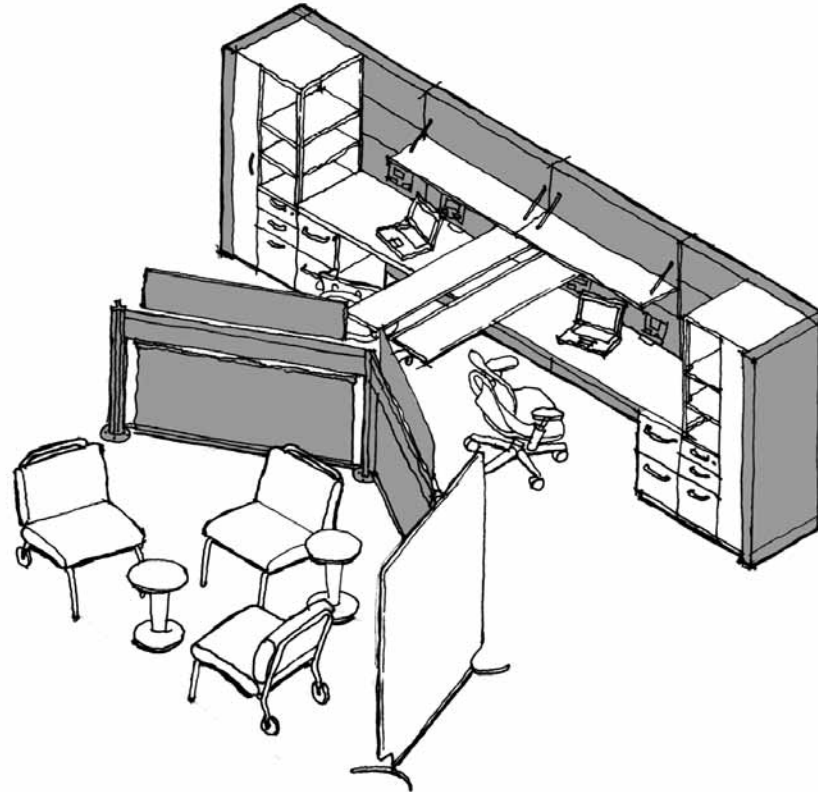

**Supporting Diverse Workstyles**

Support active and anticipated work activities via a combination of worksurfaces and shelves

Encourage healthy postures with adjustable seating

Support alternative postures and impromptu interaction with casual seating

*Products to consider: Pathways Technology Wall, Pathways Post and Beam, Pathways Privacy Screen, Pathways Worksurface System, Universal fence and L-shelves, towers and pedestals, Leap seating Turnstone Sweeper seating, Turnstone Martini tables, Pathways Technology Port*

**Managing the workplace strategically**

Creating and managing a high-performance workplace demands the thoughtful planning of numerous diverse and interconnected issues

- Define goals and measure results in line with corporate strategies
- Apply architecture, furniture and technology products—insuring flexibility, dependability, adaptability and environmental responsibility.
- Combine efficiency and effectiveness by focusing on how people actually work and by applying the appropriate planning principles.

Each worksetting addresses these planning principles at varying levels based on need. This worksetting maps out as follows:
