Building Blocks
- Balance Privacy
- Make Work Visible
- Manage Connections

35 Learning Environment

It's about: A computer lab with several focal points.

Balance Privacy

Architecture
A I-line Moveable Walls provide visual and acoustical privacy.

Technology
T RoomWizard web sign supports privacy needs by indicating accessibility to faculty or students.

Make Work Visible

Furniture
F Markerboards and tackable surfaces provide for visual display and information persistence, making it easy to capture, share, refine and show work-in-progress.

Technology
T PolyVision Copy Cam records information, allowing students to remember and re-visit their work.

T Projection devices from two sides of the room allow students to see information from all angles.

Manage Connections

Architecture
A Raised floor allows for power and data connection anytime... anywhere.

Furniture
F Mobile table configuration provides several focal points, allowing the instructor to connect to all students. Layout promotes quick switch between paper and technology and individual and group work.

Product List

Architecture: I-line Moveable Wall

Furniture: Vecta seating, Vecta table
