

## Building Blocks

- Balance Privacy
- Make Work Visible
- Manage Connections

## 37 Learning Environment

*It's about: Faculty offices with lab and meeting space.*

### Balance Privacy

#### Architecture

I-line Moveable Walls provide visual and acoustical privacy.

I-line sliding doors signal "busy" when closed.

### Make Work Visible

#### Furniture

Center area is filled with mobile tables, seating and Huddleboards to display work.

#### Technology

CopyCams in the lab area display electronic information.

### Manage Connections

#### Architecture

Pathways Post and Beam creates a front porch for each faculty office, supporting quick impromptu meetings and sharing information.

#### Furniture

Each office has ample open and closed storage to accommodate filing and piling.

Front porch is equipped with standing-height worksurface with power and data for quick exchanges.
